

A romantic wedding photograph featuring a couple in traditional Scottish wedding attire. The groom wears a white shirt, a black kilt with a sporran, and white knee-high socks. The bride wears a white lace dress with a long, flowing train. They are standing on a rocky shore, embracing and kissing. In the background, a large shipwreck is visible in the water under a dramatic, orange-hued sunset sky.

With videography, on your wedding day, One cameraman shoots the video footage using multiple cameras. Most couples opt for one cameraman, and the videos are amazing.

With Cinematography, we use two cameramen, both with multiple cameras. The first camera man will mainly be covering the Bride and Groom, and the second camera man will then cover alternative angles, guests and other elements of the day.

The second camera man will also be able to add more movement and drone footage. When we edit the wedding video, there is a lot more footage to work with.

# Reviews

## Laura and Ryan Mathews

From the start Elizabeth & Richard went above and beyond to ensure we were happy with everything and as a result we have now got the most amazing wedding pictures to keep forever.

Thank you so so much both of you for everything! Couldn't recommend enough.

## Cheryl and James Sharp

We can't thank Richard and Elizabeth enough for everything they did for our wedding - they were amazing. Both in the lead up and on the day, as well as afterwards, nothing was too much trouble.

Richard has such an eye for detail and is very creative. I usually hate pictures of myself, but I absolutely love our wedding photos. Richard worked so hard on the day, he was just amazing. Thank you so much.

## Ashley and Darren Fox

Trying to choose suppliers for your wedding from another country can be quite daunting. But I'm pleased that we chose Richard and Elizabeth for our wedding day, as they were so professional, attentive and just lovely lovely people.

The photos are absolutely stunning, and the service we have received has been brilliant. If we were to do it all again, we would definitely choose them again! Highly recommended!

## Laura and Sean Forber

We honestly couldn't recommend Elizabeth and Richard enough! From the first message to Elizabeth I had all my trust in her & Richard to photograph our wedding. Elizabeth kept in contact leading up to our wedding and made us feel so at ease.

Richard was amazing! He would do anything to get that perfect shot. He took us to four different locations which were truly beautiful, to get that perfect backdrop.

## Rima and Ibrahim Chami

The smoothest part of our wedding preparations was the photography. Elizabeth and Richard were a pleasure to work with and made everything easy. Every interaction with them was simple, kind, and professional. Even the wedding guests loved Richard!

The photos turned out beautiful and we would recommend their services with no hesitation.

## Kirsty-Lee and Matty Walker

Couldn't have wished for a better photographer. Every moment was captured perfectly through the lens making each photo spectacular.

Richard you went above and beyond from morning to night, Myself and Matty would like to thank you from the bottom of our hearts. Both lovely people and made us feel at ease from the outset.
